

K-Love serves me personally on a daily basis as a source of encouragement and spiritual uplifting. My community, as well as my family, would be affected negatively if K-Love were replaced by an LPFM broadcaster. The services K-Love provides for listeners are immeasurable in everyday normal terms. All any of us have to do to turn a bad day around and realize how thankful we are, or should be, is turn our dial to K-Love. One cannot listen for more than five minutes that some encouraging story/message from a listener, host, or song uplifts the soul and spirit. We (listeners) are brought closer to God every second that K-Love is on the air and I feel it would be a TREMENDOUS disservice if my K-Love is affected by these changes!!!!
